Title I Information in Regards to Public School Choice

Wauneta Palisade Schools has one elementary and it is on the school improvement list.

Since there are no other options, no parents elected to take advantage of the public school choice option available. There were 117 students who were eligible for this option. Any parents who expressed concern were told that Nebraska has an open enrollment option and they could, if they felt it would be a better school for their children, enroll them in a neighboring district if they meet certain criteria (such as not having exercised this option previously while living in the district).
